#### ■ MISIA(Artist)

We are in such a disastrous situation. The unimaginably severe damages caused by the sudden catastrophe have made me speechless. Please allow me to express my heartfelt sympathy to those affected by this unfortunate disaster. My thoughts and sympathies are with you.

mufef has started a fund-raising campaign called 'HOPE FOR JAPAN' to support the emergency relief activities and reconstruction in the area hit by the devastation. I have made a donation to mufef, hoping that I could be of some help to overcome the terrible loss in any way.

I am watching the news reports every day. I just cannot help crying when I see the people in the disaster-stricken areas behaving calmly, caring for and supporting each other, and the rescuers engaging in relief activities with such strong devotion.

What I can do might be little. But I shall seek for any contribution I can make to support those who are suffering from the devastation.

I sincerely hope that all the people affected by the cataclysm recover, and the disaster-stricken areas are reconstructed as soon as possible.

■ **Mitsuo Shindo (ART DIRECTOR)**

I would like to express my heartfelt sympathy to everyone who is suffering from this disaster. I hope that the lifelines in earthquake-stricken areas are recovered quickly. It is said that 'all bad things will pass eventually, and each new day brings the biggest opportunities'. I think Japan is now getting the chance. I have designed the 'HOPE FOR JAPAN logo, wishing every Japanese supports each other, and works together for quick recovery. So, let's keep on praying for Japan's upcoming future!

I feel fear and anxiety every day. Facing at the enormity of the terrible disaster, I can't say in word. I hope to save as many lives as possible and appreciate the rescue work by Japan Self-Defense Forces and the support from all over the world.  
I made a donation through mudef. Since that disaster, many people have become afraid that a similar sized earthquake might occur where they live. We need to behave in an appropriate manner on the basis of precise information.  
I'd like to hope earlier reconstruction and revitalization.

The Great East Japan Earthquake actually jolted me. I even felt kind of corny toward feeling of intense sadness and could not stop crying.  
Since that day it's start to motion towards a collaborative society. I decided to take part "HOPE FOR APAN". We can get on our feet with other people.

Dear people of Japan-

During this tumultuous and difficult time, for the people of Japan

We would like to extend our love and support. We are in complete sadness and sorrow for all the people who suffered and effected by this unbelievable disaster. We are one with you today, standing strong and embracing your people and extraordinary spirit! ## 【Message from international people supported by mudef】

### ■ Alfred Chapomba (Board Chairperson of Consol Homes Orphan Care, MALAWI)

The Board Chairperson, The Executive Guardian, Management and Staff, Volunteers and the beneficiaries of Consol Homes Orphan Care (CHOC) learnt with deep shock sadness on the devastating calamity that befell the beautiful and lovely over 30,000 people of Japan recently.

We are of the opinion that these were not the unluckiest people to suffer such devastation for it is said, It's not the luckiest that survive dangers not the fastest that escape danger and neither the wisest that escape dangerous circumstances, but time and chance happens for all'. As such, since chance was not in their favour, we feel the loss with the surviving family members especially children who have to start life over again without their loved ones.

While knowing and understanding that life is like that and that as human beings we were made not know what befalls us tomorrow, it suffices to trust in the Great Creator who is the best comforter of all the bereaved families while giving more courage and strength (resilience) in the affected people besides more abilities to those that are carrying out rescue operations. More so, the Government of Japan.

Sincerely thinking about you during these hard moments of time while appreciating your support for Malawi. Children that have suffered the blow of loss of parents due to HIV and AIDS.
